

MaxxSurf® D70-S Penetrant

MaxxSurf D70-S is user friendly, very effective penetrant additive that is used at low concentrations to enhance starch adhesive penetration. **MaxxSurf D70-S** reduces surface tension to facilitate the adhesive release into paper substrates resulting in improved quality and consistent bonding properties.

TYPICAL PROPERTIES

Appearance	Clear Liquid
pH	6
Color, APHA	<100
Acid Value	<2
Drave's Wetting Speed	<5 seconds @ 0.075%
Ionic Nature	Anionic
Weight per gallon (lbs./Gallon)	9.1 lbs.
Viscosity	<400 cps.

Performance Features & Benefits

Reduces Surface Tension – Improves Adhesion Quality – Low Foaming – Enhances Starch Adhesive Penetration – Improves Performance Consistency

Let MCTRON Technologies raise your expectations.

McTron Technologies, LLC Technical Support Team is available to provide assistance with the formulation of all our products to optimally suit your specific needs.

McTron Technologies LLC Guarantee

If any product is defective in workmanship or materials, McTron Technologies, LLC will replace the product, or refund the full purchase price. This warranty is in place of all other warrants, expressed or implied, and all implied warrants of a product for an intended use shall be solely up to the user. McTron Technologies, LLC assumes no liability for consequential damages. Its liability shall in no event exceed the purchase price of materials supplied by it.
