

PermaPel® SRN010 Durable Water Repellent Acrylic Emulsion Polymer

PermaPel SRN010 is a McTron polymer that has been designed to incorporate our wash durable specialty monomer technology into a typical RC (rheology controlled) polymerization system with the addition of a non-formaldehyde generating crosslinking system. **PermaPel SRN010** has superior adhesion to low energy substrates such as fiberglass, plastic film, foil and galvanized aluminum.

TYPICAL PROPERTIES

Type	Styrene Acrylic
Total Solids	48%
T _g	-10°C
pH	8.3
Viscosity	3000 cP

PERFORMANCE FEATURES

Permanent Water Repellency in Polymer Backbone • Wash Durable - Superior Adhesion to Hard to Wet Substrates – Crock Resistant - Surfactant Free • Glycol Ether Free • Food Contact Compliant

Let MCTRON Technologies raise your expectations.

McTron Technologies, LLC Technical Support Team is available to provide assistance with the formulation of all our products to optimally suit your specific needs.

McTron Technologies LLC Guarantee

If any product is defective in workmanship or materials, McTron Technologies, LLC will replace the product, or refund the full purchase price. This warranty is in place of all other warrants, expressed or implied, and all implied warrants of a product for an intended use shall be solely up to the user. McTron Technologies, LLC assumes no liability for consequential damages. Its liability shall in no event exceed the purchase price of materials supplied by it.
